

BLUETOOTH® HANDSFREELINK® (HFL)

Learn how to operate the vehicle's hands-free calling system.

Basic HFL Operation

Make and receive phone calls using the vehicle's audio system, without handling your phone. Visit handsfreelink.com (US) to check phone compatibility. Canada customers can phone (855)-490-7351 for any HandsFreeLink® related inquiry.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

■ HFL Displays and Controls

Use the controls to enter information and make selections.

Models with Display Audio

- Pick-up button:** Press to go directly to the phone menu on the driver information interface, or to answer an incoming call.
- Hang-up/back button:** Press to end a call, go back to the previous command, or cancel a command.
- Talk button:** Press to access Voice Portal.
- Up/Down buttons:** Press to select an item displayed on the phone menu in the Driver Information Interface.
- ENTER button:** Press to call a number listed in the selected item on the phone menu in the Driver Information Interface.
- Display/Information button:** Select the Phone button and press ENTER to display Speed Dial, Call History, or Phonebook on the phone menu in the Driver Information Interface.

■ Talk Button Tips

When using the Talk button, wait for the beep before saying a command. The system recognizes commands listed in the Voice Command Index.

- When using the Talk button, wait until you hear a beep before speaking.
- To bypass the system prompts, simply press the Talk button again to say your command.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard vents away from the microphone on the ceiling.
- Close the windows and moonroof*1.

*1 - If equipped

Pairing a Phone

To use hands-free phone and streaming audio functions, you must first pair your phone to the system. This can only be done when the vehicle is stopped. If there is an active connection to Apple CarPlay™ (see Apple CarPlay) or Android Auto™ (see Android Auto), pairing of additional Bluetooth-compatible devices is unavailable and Add Bluetooth Device is grayed out from the Bluetooth Device List screen.

■ Pairing the First Phone

Models with Display Audio

Use the touchscreen to make and enter selections.

1. Press the Phone button.
2. Select Yes.
3. Make sure your phone is in search or discoverable mode.
HFL automatically searches for a *Bluetooth*® device.
4. Select HandsFreeLink® from your phone.
If you want to pair a phone from this audio system, select HandsFreeLink® Not Found, Continue, and then select your phone when it appears on the list. If your phone does not appear, you can select Refresh to search again.
5. The system gives you a pairing code on the audio/information screen.
Confirm if the pairing code on the screen and your phone match. This may vary by phone.
6. A notification appears on the screen if pairing is successful.
You can prioritize a *Bluetooth*® device at the same time. Select Yes and then a device you want to prioritize.

Pairing an Additional Phone

■ Models with Display Audio

Making a Call

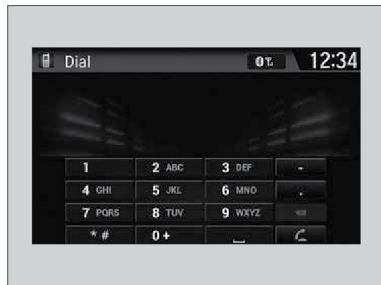

You can make calls by inputting any phone number, or by using the imported phonebook, call history, speed dial entries, or redial.

■ Dialing a Number

Applicable laws may prohibit the operation of handheld electronic devices while operating a vehicle.

Models with Display Audio

1. Go to the Phone menu screen.
2. Select Dial.
3. Select a number.
Use the keyboard on the touch screen for entering numbers.
4. Select the Phone button.

■ Using the Phonebook

When your phone is paired, its phonebook is automatically imported to the system.

This method is inoperable while the vehicle is moving.

Models with Display Audio

1. Select Phone.
2. Select Phonebook.
3. Select a name.

You can also search by letter. Select Search.

Use the keyboard on the touch screen for entering name, if multiple numbers exist select a number.

4. Select a number.

Dialing starts automatically.

■ **Storing Speed Dial Entries**

Store up to 20 numbers for quick dialing. To store a speed dial number:

Models with Display Audio

1. Go to the Phone Menu screen.
2. Select Speed Dial.
3. Select New Entry.

From Import from Call History:

Select a number from the call history.

From Manual Input:

Input the number manually.

From Import from Phonebook:

Select a number from the connected mobile phone's imported phonebook.

4. When the speed dial is successfully stored, you are asked to create a voice tag for the number. Select Yes or No.
5. Select Record, or use the Talk button and follow the prompts to complete the voice tag.

■ Using Speed Dial

Make calls quickly using stored speed dial entries or call history numbers.

Models with Display Audio

1. Go to the Phone menu screen.
2. Select Speed Dial.
3. Select a number.
Dialing starts automatically.
